About Maxclean

MaxClean is an automotive detailing industry company established in 2020 with a focus on producing high-quality brushes for automobiles. MaxClean is dedicated to providing customers with high-performance brush products that meet various high-end requirements. MaxClean has a professional brush design team that can design different styles, lengths, and ergonomic angles based on customer requirements and preferences. Utilizing 3D modeling and printing technology, the team can create samples that meet customer satisfaction through multiple rounds of adjustment and redesign.

Furthermore, MaxClean has its own production workshop to strictly control the quality of the brushes. They use production zoning and manual assembly to ensure the best production quality. The team members of MaxClean pay attention to details and pursue excellence to achieve customer satisfaction. We provide a comprehensive solution for all your warehousing, packaging, transportation, customs clearance, and declaration needs.

Our experienced team ensures that your products are stored securely and packaged with utmost care. As we look forward to the future, we are committed to continuing our tradition of innovation and expanding our product line to meet the evolving needs of our customers. We remain dedicated to providing the highest quality of service and customer satisfaction.

Product description

Detailing between air vents and in seams on your dashboard and console can be a challenge. Many professional detailers don't even bother cleaning all the nooks and crannies because it's just not an efficient way to use their time.

This one brush serves two purposes: it dislodges stubborn grime with the stiff, black bristles, and it gently cleans clear plastic panels with the soft, grey bristles.

ESS PLUS BRUSH

ITEM NO. MC06

Handle Length:

11.5cm (small), 23.5cm (large)

Hair Length: 4cm

Color: Black

Product description

- The Maxclean Ever So Soft brushes were designed to remove dust, dirt and debris from elegant surfaces.
- The ESS brushes also work great for cleaning around badges, instrument clusters and trim.
- The Ever So Soft bristles are not prone to scratch or mar fragile finishes and will resist corrosive chemicals.
- The ESS brush will offer a valuable, safe and more comfortable solution when compared to industry competitors.
